Representative Chuck Moseley
2673 Scott St.
Portage, IN 46368

Dear Chuck,

On behalf of the Officers and Members of Iron Workers Local #395, we are proud to formally endorse your candidacy for re-election to the Indiana House of Representatives, District 10.

Throughout your time in office, you have demonstrated a strong and consistent commitment to the working men and women of Northwest Indiana. Your support of pro-labor policies, infrastructure investment, and fair wages has had a direct and meaningful impact on our members and their families. We appreciate your efforts to protect good-paying union jobs and to advocate for responsible economic growth that strengthens our communities.

Iron Workers Local #395 represents nearly 1300 skilled tradesmen and women who live and work throughout our region. The decisions made at the state level directly affect not only their livelihoods, but also the long-term stability of our local economy. Your understanding of these issues and your willingness to stand with organized labor have not gone unnoticed.

We are grateful for your continued partnership and your dedication to ensuring that working families have a strong voice in Indiana. We look forward to supporting your campaign and encourage our members and their families to support your candidacy in the upcoming election.

Sincerely,

Ron Ware, Jr.
